SKYTEC RECEIVES POA APPROVAL

In a record braking period, the Skytec team managed to complete the investigation process and obtained the EASA Part 21G - Production Organisation Approval with the approval number AT.21G.0025. We would like to express our gratitude to the team at our NAA - Austro Control GmbH, who have always supported us also in this challenging times. The organisation approval strengthens our ability to meet the needs of our customers, giving us every reason to be optimistic about the coming years.
