

## **Terms of Approval**

### **Design Organisation Approval Certificate**

### **EASA.21J.796**

#### **1 Scope**

This Design Organisation Approval is applicable for the scope defined in Annex A for design work with regard to the airworthiness, operational suitability and environmental characteristics of the products.

#### **2 Privileges**

- a) (Reserved)
- b) (Reserved)
- c) The holder of this design organisation approval shall be entitled, within the scope of this terms of approval, and under the relevant procedures of the design management system:
  - 1. to classify changes to a type certificate or to a supplemental type certificate and repair designs as “major” or “minor”;
  - 2. to approve minor changes to a type certificate or to a supplemental type certificate and minor repair designs under this Annex (Part 21);
  - 3. [not applicable];
  - 4. [not applicable];
  - 5. [not applicable];
  - 6. [not applicable];
  - 7. [not applicable];
  - 8. [not applicable];
  - 9. to issue certain supplemental type certificates under Part 21, Section A, Subpart E and approve certain major changes to those certificates.

Terms of Approval 21J.796  
Issue 4, 29/09/2025

Skytec Aerospace GmbH

### 3 Obligations

The holder of this design organisation approval shall, within the scope of this terms of approval:

- a) maintain the handbook required under point 21.A.243 in conformity with the design management system;
- b) ensure that this handbook or the relevant procedures included by cross-reference are used as a basic working document within the organisation;
- c) determine that the design of the products, or of the changes or repairs to them, complies with the applicable type-certification basis, technical specifications concerning the making of declarations, operational suitability data certification basis, and the environmental protection requirements and have no unsafe features;
- d) provide the Agency with statements and associated documentation confirming compliance with point (c), except for approval processes carried out in accordance with point 21.A.263(c);
- e) provide to the Agency data and information related to the actions required under point 21.A.3B;
- f) [not applicable];
- g) [not applicable];
- h) designate data and information issued under the authority of the approved design organisation within the scope of this terms of approval with the following statement: "The technical content of this document is approved under the authority of the DOA ref. EASA. 21J.796".
- (i) comply with Part 21, Section A, Subpart A of this Section.

Date of issue: 29/09/2025

Roland TOMA  
Delegated DOA Team Leader

## Annex A

### Scope of work

			TC	STC	major changes	minor changes	major repairs	minor repairs	flight conditions	permit to fly
Large aeroplane, Large rotorcraft										
	Avionics									
		Communication systems								
		Indicating, Alerting systems								
		Navigation systems								
		Recording systems								
		Surveillance systems								
	Cabin									
		Cabin interiors								
		Cargo compartments								
		Electrical cabin systems								
		External schemes, placards and markings								
		Flight deck interiors								
	Electrical Systems									
		Electrical generation / distribution systems								
		External lighting systems								
		Wireless transmission systems								
	Environmental Control Systems									
		Air conditioning systems								

			TC	STC	major changes	minor changes	major repairs	minor repairs	flight conditions	permit to fly
Small Aeroplane, Small rotorcraft	Structures	Oxygen systems								
		Water and waste systems								
		Empennage								
		Fuselage								
	Avionics	Support for external equipment								
		Communication systems								
		Indicating, Alerting systems								
		Navigation systems								
		Recording systems								
		Surveillance systems								
	Cabin									
		Cabin interiors								
		Cargo compartments								
		Electrical cabin systems								
		External schemes, placards and markings								
	Electrical Systems	Flight deck interiors								
		Electrical generation / distribution systems								
		External lighting systems								
		Wireless transmission systems

## Limitations

### Limitations common to all products and activities

- 1) Development of Operational Suitability Data excludes the OSD constituent SIMD, FCD and MCSD.
- 2) Development and demonstration of compliance related to SW/AEH with IDAL A, B and C is excluded.
- 3) Design activities that impact product's environmental characteristics are excluded.
- 4) Design activities requiring flight testing are excluded.
- 5) The privilege under paragraph 2(c)(9) is limited to the issuance of eligible STCs and approval of major changes to those certificates defined in the list associated with this privilege, reference [STC-PQ-008].

Product	Limitations particular to each product
Large aeroplane	For non-TCH activity: None
Large rotorcraft	For non-TCH activity: Ditching analysis/testing is excluded
Small aeroplane	For non-TCH activity: None
Small rotorcraft	For non-TCH activity: Ditching analysis/testing is excluded
