

INNOVATION IN MOTION: A STRONG START TO 2026

As we move through 2026, Skytec continues to build on last year's momentum with new product launches, global industry presence, and growing customer demand across our portfolio.

The first half of the year has been defined by innovation, execution, and strong partnerships, and we're excited to share the highlights with you.

Let's dive into the highlights!

SKYSCREEN OFFICIALLY LAUNCHED OUR NEW MOVEABLE CLASS DIVIDER IS NOW IN OPERATION

One of the key highlights of the first half of 2026 was the official launch of Skyscreen, Skytec's new Moveable Class Divider. Skyscreen was proudly showcased at AIX 2026 in Hamburg, where it attracted strong interest from airlines, lessors, and industry partners looking for a modern and flexible cabin divider solution. Following its launch, Skyscreen is now in operation with Condor, marking an important milestone from development to real aircraft use.

Designed for single-aisle cabins, Skyscreen combines a sleek appearance with lightweight construction and practical flexibility. It supports changing cabin configurations while helping operators maintain a clean, modern, and passenger-focused cabin environment. This milestone reflects Skytec's continued commitment to developing aircraft interior solutions that are innovative, certifiable, and ready for real-world operations.

A STRONG FIRST HALF OF 2026 OUR BUSIEST PERIOD YET FOR DESIGN AND PRODUCTION

We are proud to share that the first six months of 2026 have been among the busiest and most successful periods for both our Design and Production departments.

With numerous projects, new customer requests, and major contracts underway, our teams have been working at full speed to deliver certified, high-quality solutions across aircraft interiors, engineering, placards, markings, and production support.

This strong growth has also led us to expand both our team and our facilities, allowing us to increase capacity, improve efficiency, and prepare for an even stronger project pipeline in the months ahead.

The momentum of early 2026 reflects the trust our customers place in Skytec, and we are excited to keep building on it.

AIX 2026 SHOWCASING INNOVATION IN HAMBURG

Skytec was proud to once again exhibit at AIX 2026 in Hamburg, where we presented our latest cabin interior solutions and officially showcased SkyScreen, our new Moveable Class Divider.

The event gave us the opportunity to meet customers, partners, operators, lessors, and MROs from around the world, exchange ideas, and discuss upcoming aircraft interior projects.

was our Skytec booth party, where we welcomed customers, partners, and friends of the company for an evening of good conversations, networking, and shared enthusiasm for aviation. It was a great reminder that strong partnerships are built not only through projects, but also through personal connections.

AIX 2026 was an inspiring and successful week for Skytec, creating strong momentum for the months ahead.

EXPANDING OUR GLOBAL PRESENCE MRO TASHKENT 2026

As part of our continued international growth, Skytec participated in MRO Tashkent 2026, connecting with operators, MROs, and industry professionals from across Central Asia and beyond.

A special highlight of the event was the participation of our CEO, Martin Grabner, in an industry panel discussion, where he shared insights on current market developments, aircraft modifications, and the evolving needs of operators.

The event provided valuable opportunities to strengthen existing relationships, establish new connections, and showcase Skytec's engineering, certification, production, and cabin interior capabilities. We thank the organizers and all visitors who took the time to meet with our team and look forward to continuing the conversations started in Tashkent.

TEAMWORK ON AND OFF THE FIELD SKYTEC BECOMES AN OFFICIAL SPONSOR OF TSV HARTBERG

At Skytec, we believe that success is built on teamwork, dedication, and a strong commitment to continuous improvement, values that extend far beyond aviation. We are proud to announce our official sponsorship of TSV Hartberg, one of Austria's established professional football clubs. This partnership reflects our commitment to supporting local communities and organizations that share our passion for performance, ambition, and teamwork.

We wish the players, coaching staff, and everyone at TSV Hartberg continued success and are proud to be part of their story.

Whether in aviation or professional sports, achieving success requires trust, collaboration, and the drive to constantly push boundaries. We are excited to support TSV Hartberg on their journey and look forward to following the team's achievements throughout the season.

INVESTING IN THE NEXT GENERATION SKYTEC RETURNS TO HTL EISENSTADT

Skytec was pleased to once again participate in the HTL Eisenstadt Career Fair, connecting with students interested in engineering, aviation, and technology.

The event gave us a valuable opportunity to introduce Skytec, share insights into our work, and meet motivated young talents who may help shape the future of our industry.

We thank HTL Eisenstadt for the invitation and look forward to staying connected with the next generation of professionals.
